# IsoStack Testing Report

Generated: 12/10/2025, 10:19:11 AM

Total Issues: 7

## Status: In Progress

| 16-40 | High | **Client Admin Branding** |
| | | <p>Not updates should be the new pattern we designed for platform admin logo management.</p> |

| 16-39 | High | **Platform Manager not seeing Platform users.** |
| | | <p>when platform user clients on the dashboard, platform management screen the users tab dos not display a list of platform Admin users. The Platform Admin/Owner should be |

| 16-38 | High | **Change orgainization to the UK spelling Organisation** |
| | | <p>Please change Change orgainization to the UK spelling Organisation Everywhere in the app please.</p> |

| 16-37 | High | **Default App Setting** |
| | | <p>The Client admin should be able to flag the default app they wish to see by default. This should be a setting in 'Profile' - drop Down of their apps and select one that is the default loading |

| 16-36 | High | **Client Admin** |
| | | <p>The Client admin has a tab in their settings which says 'Tenant' This is not approriate for this role. Please remove this - it is a platfrom Admin setting covered by 'Clients' in Platform |

| 16-35 | High | **Client Admin - invite user** |
| | | <p>When the Client Admin invites a user from settings&gt;users, the app should create a user with the status 'Pending' their acceptance - and the ability to resend the invitation.<br><br>The |

| 16-31 | High | **Filter issues defines the content for 'Create Change Request' Export.** |
| | | <p><strong>Create Change Request Export button.</strong></p><p>I would like to select the content for this in one of 2 ways:<br><br>First: the bulk selection check |
